## STA630 Research Methods

Question No : 9 of 50

Which of the following steps is included in data transformation?

Answer ( Please select your correct option )

- Collapsing different categories to reduce number of categories
- Finding mean and standard deviation
- Entering data in software
- Compiling a research report

Start Time: 11:20 AM

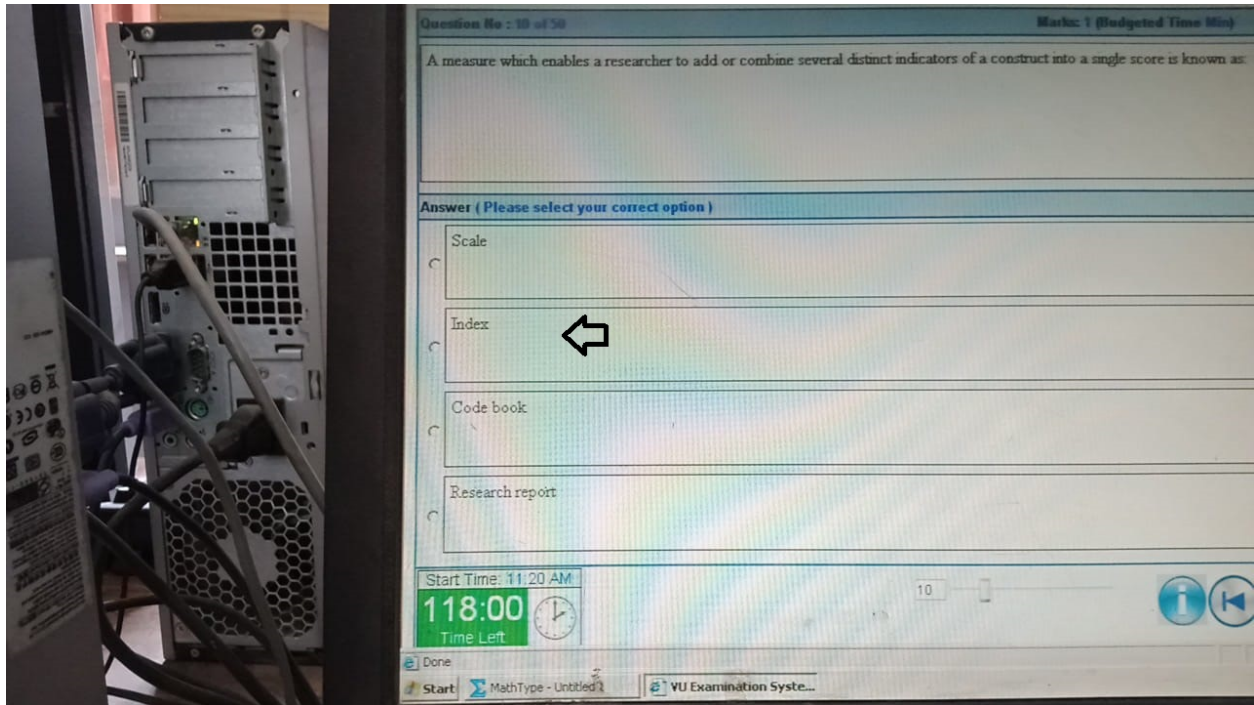

**118:00**

Question No : 18 of 50 Marks: 1 (Budgeted Time 1

Which of the following terms BEST describes Data that was originally collected earlier for a different purpose?

Answer ( Please select your correct option )

- Primary data
- Secondary data 
- Experimental data
- Field notes

Start Time: 11:20 AM

Address <http://server/vutes/client/Paper.aspx>

### STA630 Research Methods

Question No : 19 of 50

Which of the following is an example of secondary data analysis?

Answer ( Please select your correct option )

- Re-analysis of data to check for accuracy
- Re-analysis of data for issues of secondary importance
- Re-analysis of data that others have collected
- All of the given options
